PROFILE

As a fresh React developer, I am excited to bring my passion for building dynamic and responsive user interfaces to a new team. I recently completed a course in React JS which includes personal projects utilizing HTML, CSS and React.

SKILLS

- Proficient in React, JavaScript, HTML, CSS, Bootstrap, and Material UI
- Experience using Git, Redux and Context API
- Strong problem-solving and debugging skills
- Ability to collaborate and communicate effectively with cross-functional teams
- Ability to quickly learn and adapt to new technologies

EXPERIENCES

Assistant Professor, Karpagam College of Engineering, Coimbatore
June 2016 - May 2020

CERTIFICATIONS

- React Certificate course - Rogersoft, Kochi (February - March)
